

PE Report to Standards Committee November 2024

Copy to Staffing & Finance: November 2024

D Mylechreest

Sports Funding is allocated to schools. There are 5 key indicators that we should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
- the profile of PE, physical activity and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

As part of the funding criteria we are required to publish details of how we plan to spend the monies and a review of the impact on pupil outcomes. The 2022/2023 is on the website. The 23/24 plan needs to be published by the end of July 2024.

PE is good at Thrupp School. Our commitment to School Sport and PE was recognised with Thrupp achieving the School Games Platinum Award for the second year running in 2023 – 2024. We are only one of 5 schools in Stroud to achieve this level.

We are part of a very active group of schools. We are part of the School Games Group, run by James Jeffery, part of the SDPSSA (Stroud District Primary Schools Sports Association) co-ordinated by Atlas Sports and also part of an active group of cluster schools linked to Thomas Keble, co-ordinated by Glenn Price. In 23-24 we participated in 44 external sports events with 100% of KS2 participating in an event.

Target for 24-25 is 100% of Year 1 – Year 6 participating (On track at present)

In KS2 each class are provided with at least 2 hours PE and in KS1 each class has at least 1 hour 55 minutes. **KS1 are participating in the Daily Thrupp 10. This is 1hr 10 min plus a 45 min lesson.**

Each child has 2 lessons in curriculum time. KS2 children have the opportunity to participate in extra-curricular sports activities. **This term we are offering: Netball (24 Year 5/6/pupils), Rugby (17 Year3/4/5/pupils)and Gymnastics (12 Year 3 pupils)** We also have Investigators, Construction, Choir and Recorder Clubs offered on top of the 3 sports clubs.

Matt Bird is working with me in a Co Subject Leadership role. He has taken on the curriculum and external organisation of fixtures and is working with me in relation to the budget. We have prepared our responses to Ofsted deep dive questions.

The website has our revised curriculum overview, Progression of skills and vocabulary document. All of which we have revisited this last term. **The PE Policy has also been updated. We have updated the Intent, Implementation and Impact document (on the website) This will take over from the policy.**

All staff are using PEPal to assess their children in PE. **Very strong data at the end of year 23 24 with high % of pupils reaching greater depth.**

Development Focus for 24 25 is Gymnastics and Dance through school. We have bought in external Zumba (through school) Street Dance (Year 6) and have links with local schools who are supporting staff CPD in Dance and Gymnastics.

Our lunchtime staff are encouraging active play for all. With the children coming to school in their PE kit on PE days, greatly increases the amount of time for a lesson as we are not wasting PE time by changing. We are also using 2 members of staff, financed through sports funding, to work for 3 additional lunchtimes. They are out on the playground encouraging participation in active play. Glenn Price from TK worked with our Year 5 group in June/July 24 as Sports Leaders. They are leading active lunchtimes and making a real difference through school. I am negotiating timings with James Jeffery to give us some early training this term for our Year 6 children. This really helps with lunchtime activities.

Our Year 6 Sports Ambassadors are very active through school, they help get kit out for classes, run warm ups through school and lead lunchtime active clubs.

Swimming lessons have just started for Term 2 and 3. We have 20 Year 3 pupils plus 13 children from Year 4,5 6 that are just upskilling so that they meet the 25m distance by the end of this block. I am hopeful that we will have 100% year 6 achieving this for the 2nd year running.

23-24 PE Funding Expenditure is on the website (July 24). This is a legally required document to be published.

Andrew Young, our Sports Governor, met for a **review meeting in July 2024** with myself and Matt and we reflected on the year as a team

Planned Spending for 2024-2025 (so far)

- Zumba through school for a day (Nov 24)
- Golf through school (June 24)
